

As a student, I wish to have a satisfying, fulfilling and successful study experience.  
TU rating is useful to me because:

- I want to rely on many other students experiences and insider knowledge to make well informed choices about which courses to pick and which to avoid.
- I want to collect and evaluate information efficiently.

Functionality:  
Search course/module

- by name
- by faculty

Filter feedback

- by rating
- by semester

Submit a feedback  
Create user account

- edit user profile
- *Anonymity?*
- authentication

API:

- faculty/module/course management
- user management
- feedbacks management

**bold:** Data Model Object  
*cursive:* consideration, undecided
